STATEMENT BY THE SELECTMEN

TO THE CITIZENS AND TAXPAYERS OF FARMINGTON:

The annual report for the year ending January 31, 1935, is hereby respectfully submitted.

Taxes, debts and politics are the root of our evils. The first is essential to conquer the second, but the third could well be dispensed with in town affairs, in the interest of efficiency and economy.

One of the most serious problems which must be faced is public relief. Old age assistance and public relief have increased to such an extent that if the relief cost cannot be reduced very materially within the next few years, your town must curtail many public services which have come to be looked upon as a necessity, in order to maintain the people on relief rolls. This burden could be somewhat relieved by a more equal distribution of town work among our citizens who are on relief, or near the border of coming in this class. It is a fair estimate that unless the state assumes part of the burden, the old age assistance next year will cost approximately \$6,000.00, and direct relief, \$4,000.00.

There are still many delinquent taxes outstanding. We cannot impress too forcefully that if it is a poll tax or a sizable property tax, in order to maintain your town's credit and proper functioning of the various departments, this revenue is essential. Let's get the habit of paying our taxes promptly and save interest costs.

In the past year your town debt was reduced \$6,763.10. The severe snowstorm in the early part of 1934 and snow removal in December and January put your road department in the red, but it was a case where nature could not be controlled.

Let us continue the policy of not spending more than the citizens can support by annual taxation. We can then enjoy lower tax rates and prosperity will have turned the corner.

ERNEST E. LEFAVOUR,

EDWARD T. WILLSON,

JOHN E. S. HALL,

Selectmen of Farmington.
